**"On Tape"**

This last week you might have seen the video of a man named Tyre Nichols in the Memphis, TN area. Tyre was stopped by police and then beaten which ultimately resulted in his death. There are probably lots of things that could be said about this incident, and I would encourage a responsible conversation about this incident and some unique circumstances which can open some powerful dialogues about the state of our nation. All that aside, one thing I struggle to wrap my head around is that the officers did this to Tyre while they knew they were wearing body cameras. Everything they did and said was recorded for the entire world to see. It is not uncommon to hear of people doing terrible things in the dark when they think no one will know or they will not be held responsible, but these men did these things knowing they were on tape!

While it is hard to wrap our mind around the thought process of someone who would do such a terrible thing while wearing a body camera, the truth is that every sinful thing we do is on full display. GOD knows everything that we say, do, and even feel. Even those things that we think no one knows about...HE knows! Hebrews 4:13 says it like this, *"And there is no creature hidden from His sight, but all things are naked and open to the eyes of HIM to whom we must give account."*

**What if everything in our lives was being recorded for all the world to see?** Would it change our lives? Would it change the way we talk to others in private? Would it impact the actions we engage in when we think we are alone? For some, unfortunately and inexplicably, it would not. For most of us, remembering that we are "on tape" ought to be a powerful tool to help us be Holy as we desire.

What a great church! Thanks for letting us share some time with you at PTP Spark. We learned lots of practical things and came home better, richer. For your kind hospitality, generous support, and warm encouragement, we will always be thankful. May HE be glorified!
